

# Lifestyle Management Coaching

Because you matter.

## Life improvement begins with self-improvement.

Lifestyle management coaching is confidential and is provided by highly trained and qualified experts. They have been in your shoes and faced their own health challenges. A coach will act as a partner to help you stay on track and celebrate your success. Together, you'll create a plan to help you meet the goals you want to achieve.

## Work with a coach to:

- Build a fitness routine you enjoy and can stick with
- Plan healthy meals for you and your family
- Determine life stressors and how to better manage them daily
- Strategize a weight-management plan to keep you feeling your best
- Create a plan to help you quit tobacco or vaping for good
- Spice up your exercise routine or healthy eating plan

**BONUS:** Working with a coach has its perks. You can earn \$25 per coaching call or live chat session, up to a maximum of \$250\*.
