How it works

All employees, spouses, adult dependents and retirees who are enrolled in medical insurance with Partners for Health are eligible to participate in coaching. You must meet the program requirements to participate in chronic condition management coaching.

When you enroll in our program, you will speak to a clinical professional who understands your health status. They'll work with you to learn about your current care, then will help you set goals to improve your well-being. You'll also get access to articles and content to help you make daily healthy choices.
